

DependencyManagerDependency

```
classDiagram
    Router --> RouterInterface
    RouterInterface --> DependencyManagerDependency
```

A UML class diagram showing a vertical hierarchy of three classes. At the bottom is the 'Router' class. An upward-pointing arrow connects 'Router' to 'RouterInterface' in the middle. Another upward-pointing arrow connects 'RouterInterface' to 'DependencyManagerDependency' at the top. Each class is represented by a rectangular box with a black border and its name centered inside.

RouterInterface
