

GenericHttpServer

```
graph BT; NghttpServer --> GenericHttpServer
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'GenericHttpServer'. Below it is a box labeled 'NghttpServer'. A vertical arrow points from the top of the 'NghttpServer' box to the bottom of the 'GenericHttpServer' box, indicating that 'NghttpServer' inherits from 'GenericHttpServer'.

NghttpServer
